EXTRAORDINARY COOL PICKS

If you know anything about Jordan Rubin and his team at *Extraordinary Health*™ magazine, it's that we love cool, fresh and eco-friendly "stuff." Just in time for spring, here's what we're scoping out!

snackTAXI!™

Reusable Sandwich Bags

www.snacktaxi.com

\$8.95 for one sandwich bag 7.5 inches wide by 6 inches high

What a great, fun alternative to plastic bags and wraps. Each brightly-colored, reusable bag has the potential to eliminate an average of 1,000 plastic bags over its lifetime! And listen to this—just throw them in the washer and dryer or wipe with a damp sponge after each use. How cool is that?

Soda-Club® Home Soda Maker

www.sodaclubusa.com

From \$79.99

We absolutely love these appliances for making your own soda or sparkling water at home, and helping save the planet.

No soda cans or plastic bottles to add to our landfills, and no electricity or batteries are needed.

With so many flavors and varieties to choose from, we still haven't tried them all. And check out the totally cool designs.

Save Money & the Planet

Parsley Plus All-Purpose Kleener

www.ecos.com

\$5.99 for a 32-ounce trigger-spray bottle

You have to smell it to believe it! Great for kitchen countertops and other hard surfaces, we thought this all-purpose cleaner was truly unique. It comes in a number 1 PET bottle and is 100 percent biodegradable. Wait a minute—parsley is green, so is this earth-friendly product. We get it and think you should, too.

Add 7 Days Between Waterings

www.plantbest.com

\$10 for a 16.5-ounce bottle

Your gardens and flowerbeds will need less watering with this way-cool, all-natural soil supplement. Made with a fiber found in the hulls of coconuts (who would have thought?), you can add up to seven days between waterings. It's non-toxic, eco-friendly and helps conserve water—so get growing today.
